

500kWh Vietnam Power Storage Cabinet for Subways

The equipment can automatically charge the storage batteries using valley-time urban electricity with a low cost and can be set to the long-time status of interruptible power supply.

500kW power output with modular design, supporting expansion up to 1.5MWh (customizable based on your product specs). Seamless integration with existing inverters for hybrid energy systems.

It adopts door-mounted embedded integrated air conditioning, which does not occupy cabinet space, improves the available space of outdoor cabinets, has better structural integrity at the ...

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring reliability, efficiency, ...

Battery cabinets are shipped completely assembled with internal modules mounted - for maximum quality with the minimum transportation costs and installation time.

1075kWh battery storage with 500 kW rated AC output, ideal for commercial and industrial loads.

It is a large multi-function smart energy storage station. Comprehensive and multi-level battery protection strategies and troubleshooting measures are in place. Various units can be easily ...

500kW power output with modular design, supporting expansion up to 1.5MWh ...

This integrated solar battery storage cabinet is engineered for robust performance, with system configurations readily scalable to meet demands such as a 100kwh battery storage requirement.

The IP55 protection level adapts to the harsh outdoor environment, which is perfectly suited to the needs of industrial and commercial energy storage.

Type of Battery:LiFePO4;Size:1600mm*1100mm*2100mm;Weight:3000KG;Rated input frequency (Hz):50;Maximum continuous output current:152A;Rated AC power:500KW;Protection ...
