After-sales service for 15kW microgrid energy storage battery cabinet

From initial configuration design to after-sales service, we help commercial users reduce operating costs, enhance energy resilience, and achieve long-term ROI.

Equipped with a robust 15kW hybrid inverter and 35kWh rack-mounted lithium-ion batteries, the system is seamlessly housed in an IP55-rated cabinet for enhanced protection against water and dust, ...

Fully pre-assembled and delivered, enabling rapid deployment with installation and commissioning completed within 1-2 days. Backed by 24/7 after-sales support. Standardized and scalable design for ...

The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid scenarios such as commercial, industrial, and ...

Our professional team ensures that each energy storage cabinet meets high quality standards, ensuring stable deliveries that meet customer expectations from design to manufacture.

Cloudenergy provides 5-year warranty, fast RMA handling, and expert after-sales support for LiFePO4 energy storage batteries.

Empower your off-grid projects and grid-support applications with a reliable outdoor battery storage cabinet from TOPBAND. Engineered for harsh climates and demanding workloads, our outdoor ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

Founded in 2002, Huijue Group is a high-tech service provider integrating the integration and application of intelligent network equipment and intelligent energy storage equipment.

Together, these enclosures deliver 15 kW continuous (20 kW peak), operating silently and reliably even in harsh climates. Designed for telecom, data edge, industrial, and government applications, the ...
