

Estonia energy storage investment

This major milestone demonstrates the private sector's direct investment in strategic energy infrastructure, offering a concrete response to the Baltic region's security-of-supply and energy independence challenges.

The Hertz 1 battery energy storage facility, a 100 MW/200 MWh project in Kiisa, Estonia, is now operational. As one of the largest in the Baltics, it marks the first phase of the Baltic Storage Platform ...

KIISA, ESTONIA - February 3, 2026 - The Baltic Storage Platform (BSP) - a joint venture between Baltics leading renewable energy developer Evecon, French independent solar power producer Corsica Sole, ...

The facility is also to be joined by a sister project in Aruküla, also near Tallinn, at a cost of EUR170 million and also built by Evecon together with renewable energy company Corsica Sole and investment fund ...

Baltic Storage Platform (BSP) has secured what it claimed is a first-of-its-kind EUR86.5 million (US\$100 million) financing for two large-scale battery energy storage system (BESS) projects totalling ...

The successful financing and rapid construction progress of these projects demonstrate the growing maturity of the energy storage sector in the Baltic region and set a precedent for future battery ...

"For Estonia, Hertz 1 and Hertz 2 are more than projects: they are strategic infrastructures that prove the energy transition is tangible. The imminent commissioning of Hertz 1 shows this financing is ...

The 100 MW/200 MWh battery energy storage project in Kiisa began operation on February 3 as scheduled - just two weeks after a testing fault at the facility caused the most significant disturbance to the ...

Baltic Storage Platform secures a record EUR85.6mn (\$90.6mn) to develop two battery energy storage sites in Estonia, marking the first such financing in the Baltics based solely on storage revenue streams.

NIB has signed a EUR 27.7 million 10-year loan agreement with Baltic Storage Platform OÜ to finance the construction of two battery energy storage projects, Hertz 1 and Hertz 2, in Estonia. The ...
