

Jinko 340W monocrystalline photovoltaic panel

This Jinko 340 Watt Solar Panel features innovative polycrystalline technology with a 72-cell layout, engineered to deliver high power output and superior performance even in low-light conditions.

Home / Jinko Solar 340W monocrystalline panel (Nigeria) DC Electrical Characteristics STC Power Rating 340W PTC Power Rating 313.26W 1 STC Power per unit of area 175.2W/m² (16.3W/ft²) Peak ...

5 busbar solar cell adopts new technology to improve the efficiency of modules, offers a better aesthetic appearance, making it perfect for rooftop installation. Excellent Anti-PID performance guarantee ...

The document summarizes the key features and specifications of the Eagle Mono 72 solar module from JinkoSolar. The module has a power output of 325-345 Watts, uses mono crystalline solar cells, and ...

HOT 100% Multi Busbar Technology Better light trapping and current collection to improve module power output and reliability. Reduced Hot Spot Loss Optimized electrical design and lower operating ...

All you need to know about the JKM340M-72 (Plus) solar panel including rating, cost, efficiency, and warranty terms.

Polycrystalline 72-cell module achieves a power output up to 340Wp. Eagle modules pass PID test, limited power degradation by PID test is guaranteed for mass production. Advanced glass and ...

Jinko Solar Co., Ltd reserves the final right for explanation on any of the information presented hereby. TR JKM340-360N-6TL3-B-A1-EN (IEC 2016)

Jinko Solar Co., Ltd. Solar Panel Series Eagle 72P 320-340W. Detailed profile including pictures, certification details and manufacturer PDF.

This guide provides a comprehensive breakdown of the key factors to consider when choosing a Jinko solar panel for your commercial project, ensuring optimal return on investment and system reliability.
