

JinkoSolar PV Panel 475

What is a Jinko 475w solar panel?

The Jinko 475W Solar Panel (JKM475M-7RL3) offers exceptional power output and efficiency, featuring advanced P-type monocrystalline cells. With a maximum power output of 475W, an impressive module efficiency of 21.16%, and cutting-edge Tiling Ribbon (TR) technology, this panel is engineered to deliver high performance in diverse applications.

Does Jinko Solar offer a dual-glass rooftop solar panel?

Jinko Solar Unveils 475 W Dual-Glass TOPCon Rooftop Module Chinese solar manufacturer Jinko Solar has introduced a new dual-glass rooftop solar panel based on tunnel oxide passivated contact (TOPCon) technology.

How long does a Jinko 475w solar panel last?

Linear Performance Warranty: 25 years with an annual power degradation of only 0.55%. The Jinko 475W Solar Panel is suitable for: This high-efficiency panel is ideal for customers seeking a reliable and durable solution for long-term energy needs.

Which solar module is based on tunnel oxide passivated contact (Topcon)?

Chinese solar module maker JinkoSolar has launched a new dual-glass rooftop solar module based on tunnel oxide passivated contact (TOPCon) design.

Jinko Solar Co., Ltd. Solar Panel Series Tiger Neo 48HL4M-DV 450-475W. Detailed profile including pictures, certification details and manufacturer PDF

Jinko Solar Unveils 475 W Dual-Glass TOPCon Rooftop Module Chinese solar manufacturer Jinko Solar has introduced a new dual-glass rooftop solar panel based on tunnel oxide ...

N-type Technology N-type modules with Tunnel Oxide Passivating Contacts (TOPcon) technology offer lower LID/LeTID degradation and better low light performance.

JinkoSolar is a leading player in the global solar industry, and is committed to developing innovative solar products and technologies that help to reduce reliance on fossil fuels national grids. 475w Jinko ...

Tiger Mono-facial 455-475 Watt Tiling Ribbon (TR) Technology ISO9001:2015, ISO14001:2015, ISO45001:2018 certified factory

Key Features JinkoSolar is always focusing on creating value added for its customers. Tiger series, with the high energy density advantage and lower LCOE benefits, has been developed ...

The Jinko 475W Solar Panel (JKM475M-7RL3) offers exceptional power output and efficiency, featuring advanced P-type monocrystalline cells. With a maximum power output of 475W, an impressive ...

JinkoSolar PV Panel 475

JinkoSolar, a Chinese solar module manufacturer, has unveiled a new dual-glass rooftop solar module utilizing tunnel oxide passivated contact (TOPCon) technology. The module, part of the ...
