

London solar system

London's most magical winter experience is happening inside Crossrail Place Roof Garden ?? As part of Canary Wharf's Winter Lights Festival, a glowing miniature solar system has taken over...

She will illustrate her lecture with examples taken at several Solar System bodies, including Earth, Jupiter's moon Ganymede, and comet 67P.

Want to take a space walk around the ISS, ride a roller-coaster through mountains or travel to the planets in the Solar System? Or perhaps you would prefer a more hands-on experience.

Explore the 3D world of the Solar System. Learn about past and future missions.

This is quite an interesting walk, like a treasure hunt, around the Otford Solar System. It claims to be one of the largest scale models of the Solar System in the world.

From the sun-scorched surface of Mercury to the icy expanses of Pluto and beyond, prepare to be subjected to the myriad dangers and wonders of our Solar System, on a breathtaking tour that reveals just how precious ...

All the planets of our Solar System are located in their relative positions at midnight on January 1, 2000. Each planet is shown as a scaled engraving on a sun-sized stainless steel disc on the...

Catch a live planetarium show, get involved with immersive science experiments, attend an expert-led talk, and much more! The planetarium hosts a number of regular shows at varying times throughout the day, along ...

Yes, we're old enough to remember when Pluto was a planet, and so is the Otford Solar System. Built as a millennium addition to the Kent village of Otford, the model solar system consists...

Where to Find The Otford Solar System
Other Things to Do in Otford
Visiting The Otford Solar System
Detailed locations of each of the planets on the Otford Solar System route are hard to come by, probably intentionally, to encourage wandering and exploration of the village. You get the feeling that locals are used to space tourists around these parts -- a couple of knowing glances are thrown our way as we intensely photograph what is, to all inten...
