

Longganhu energy storage photovoltaic brand

Since 2021, the company has broken the world for solar cell efficiency 15 times, with the US Department of Energy's National Renewable Energy Laboratory recently confirming Longi had ...

Founded in 2000, LONGi is committed to being the world's leading solar technology company, focusing on customer-driven value creation for full scenario energy transformation.

LONGi plans to integrate solar power plants with pumped storage in areas that feature significant elevation differences and abundant sunlight, creating an industrial model for using solar.

LONGi offers professional consulting services, technical knowledge of solar-plus-energy storage integration solutions, and full life-cycle O& M capabilities.

LONGi's technological and manufacturing leadership in solar wafers, cells and modules underscores our commitment to helping accelerate the clean energy transition. By offering high-quality, reliable ...

China's Longi Green Energy Technology Co. plans to buy a majority stake in a local energy storage maker, joining its domestic rivals in seeking a new growth engine as the oversupplied ...

Leading solar manufacturer LONGi Green Energy has been ranked the most valuable brand in China's photovoltaic (PV) sector, with a brand valuation of RMB 73.48 billion (\$10.2 billion), ...

Leading Chinese solar PV manufacturer LONGi has acquired Canada-headquartered system integrator PotisEdge, and plans to launch an "Energy Storage One-Stop Solution" as the ...

Chinese solar power giant Longi Green Energy Technology Co officially announced its entry into the storage sector with the launch of the Longi Energy Storage One-Stop Solution.

Acquired by Sunrun in 2020 for US\$3.2bn, Vivint Solar entered the home energy storage market in 2017 with a partnership with Mercedes-Benz Energy followed by another partnership with LG Chem. ...
