

Longi photovoltaic panel prices fall

The South China Morning Post writes that the share price of solar panel manufacturer Longi Green Energy Technology suffered its biggest weekly loss to date following a profit warning.

As of February 25, 2025, LONGi Green Energy has implemented a price adjustment for distributed generation systems, with increases ranging from $\pm 0.03/W$ to $\pm 0.05/W$ due to recent power reform ...

(Yicai) Aug. 26 -- Five of China's leading solar panel makers, including Longi Green Energy, reported a combined loss of CNY17.3 billion (USD2.4 billion) for the first half after product prices plunged as a ...

LONGi explicitly attributes its dire outlook to market anomalies unseen in recent solar industry history. Module prices have plunged below sustainable manufacturing thresholds - what industry analysts ...

Under such circumstances, irrationally low module prices will lead to further losses, which is detrimental to the sustainable and healthy development of the industry. Driven by policy guidance ...

Shares of Longi Green Energy Technology fell by the most in a week after the Chinese solar-panel components producer warned of bigger than expected losses amid a prolonged domestic ...

Amid a drop in solar equipment prices, Longi's earnings were likely to keep falling in the fourth quarter and into 2024, Lau said. Longi has been fuelling a price war with its domestic peers in ...

The loss is within the range flagged by the world's top producer of solar wafers last month, which Longi attributed to a "mismatch" of supply and demand that led to a significant drop in ...
