

North America IP66 Battery Cabinet 100kW

This industrial and commercial battery storage system is the ideal compact solution for your battery projects to work alongside solar PV, EV chargers and back up power requirements.

LiFePO4 100kw 215kwh air-cooled energy storage cabinet offers high-capacity, safe, and efficient lithium battery storage with advanced thermal management for commercial and industrial applications. All-in ...

Intelligent BMS, providing complete protection. Support high discharge power, IP55, natural cooling, wide temperature range: -20°C to 55°C. Modular design, easy to expand. Suited to residential and ...

The MEG 100kW x 215kWh Cabinet is engineered as a modular energy storage building block, ideal for commercial facilities, microgrids, and community-scale projects.

CTECHI 100kW 215kWh/230kWh/241kWh BESS for commercial & industrial solar energy storage. High efficiency, scalable solutions. OEM/ODM available.

The door-mounted embedded integrated air conditioner does not occupy cabinet space, increases the available space of outdoor cabinets, has better top structural integrity and good waterproofing effect.

Our solution is an all-in-one package: Battery packs, charge controller, BMS, EMS, and PcS, all integrated into a single unit with a highly efficient three-level topology to optimize system efficiency.

Unlock energy independence and maximize ROI with the Cooli Smart 100kW/215kWh Air-Cooled Energy Storage Cabinet. Engineered for commercial and industrial resilience, this high-density ...

Anern liquid cooling energy storage system cabinet is an energy storage device based on 100kw lithium battery. C& I energy storage system. High energy density, high charging and discharging power, long ...

This fully integrated 100kW/215kWh system combines high-density battery storage with intelligent power management in a single, factory-assembled unit - delivering unmatched performance and reliability ...
