

Photovoltaic panel pre-sale contract

A host customer agrees to have solar panels installed on its property, typically its roof, and signs a long-term contract with the solar services provider to purchase the generated power.

What a solar contract is, key terms and core elements to know, how to evaluate your contract, and the importance of understanding your agreement.

This Solar Power Purchase Agreement (this "Agreement") is entered into by the parties listed below (each a "Party" and collectively the "Parties") as of the date signed by Seller below (the "Effective ...

Now that you understand what a solar contract is, you can follow these three easy steps to reading a solar contract before getting solar panels on your home. Set aside uninterrupted time.

A solar power purchase agreement (PPA) is a financial arrangement in which a third-party owner installs, owns and operates a solar system on your property.

In reality, it does not affect your ownership of the home - only the panels listed as collateral. But if a bank's underwriter or a buyer's attorney isn't familiar with solar, they might see that ...
