

Photovoltaic pipeline corridor earthquake-resistant support company

In line with the business philosophy of "quality first, customer first", Zhijieda will provide you with safe and efficient seismic support system solutions. After years of practice, the company has accumulated ...

PHP specializes in replacing old, dysfunctional rooftop supports with earthquake-resistant designs that are specifically designed to endure severe natural events.

Hebei Hekang Metal Products Co., Ltd. is a domestic manufacturing enterprise specializing in the production and wholesale of earthquake resistant brackets, photovoltaic brackets, punched C ...

We are a physical factory specializing in the production of photovoltaic brackets, earthquake-resistant brackets, cable brackets, and punched C-shaped steel...

This document specifies the design of earthquake-resistant and subsidence-resistant ductile iron pipelines suitable for use in areas where seismic activity and land subsidence can be ...

Hebei Qierjie New Energy Technology Co., Ltd.: We're professional seismic bracing, photovoltaic support, aluminum accessory, standard clevis hanger, hexagon coupling nut manufacturers ...

The first and only domestic earthquake resistant ductile iron pipe that provides expansion/contraction and deflection within a single restrained bell joint connection.

The company is mainly engaged in the research and development, production, sales and technical service of integrated bracket, seismic support hanger, urban underground corridor equipment, rail ...

The water supply network is particularly vulnerable to seismic damage, and so physical earthquake resistance is very necessary to adapt to or withstand disaster situations.

Seismic Support and Hanger systems are no longer optional--they are non-negotiable safeguards for modern infrastructure. By combining rigorous engineering, compliant materials, and ...
